HOW TO LOAD WATER

4

- 1 Turn jet upside down. Snap wheels onto struts. Then snap strut assemblies into place as shown. (ILL. 1)
- 2 Turn jet right side up. Snap Pegs on canopy into slot behind cockpit. To send a member of the Cobra™ team (not included) on a mission, lift canopy and place figure in seat as shown. (ILL. 2)
- 3 Fit slots in missiles over pegs on bottom of jet as shown. (ILL. 3)
- 4 Swing handle down and remove plug. Fill hole with tap water and replace plug. To fire, squeeze trigger several times! (ILL. 4)
